THE POWER OF ENERGY THERAPIES

Akashic Records Consultation

with Bernadette Doran, RMT

According to quantum physicist Ervin Laszlo, the Akashic Records are an electromagnetic imprint of everything that's ever happened in the universe. The spiritual perspective, according to Edgar Cayce, they are the Book of Life, the records of every soul's journey throughout all time.

Whether you come from a scientific or spiritual perspective or both, an Akashic Records consultation is a sacred invitation to shift perspective and explore life challenges as well as choices and opportunities from the viewpoint of the soul.

As a result, life events, and choices relating to them, are seen in an entirely new light. Soul contracts, soul missions, and related aspects of the soul's desires are explored, and we begin to understand the deeper spiritual reasons for the people and situations in our lives. Many times, past life issues related to current life challenges will come up to be cleared.

The time spent in a consultation is a deeply healing experience. The high vibrational energy of the Akashic Records is transmitted during the consultation, and most people feel a sense of calmness, renewal and peace from the energy alone. The information provided offers a fresh, new understanding of circumstances and choices, as well as a sense of greater empowerment to move forward from this new perspective. Akashic Records consultations may be done in person or by phone.
